

Driving Directions to Superstition BLM Area Flying Site:

Drive west on I-8 for approx. 85 miles from the El Cajon area

Take the Drew Rd. exit, turn left and go north ~1 mile.
The Seeley Market has good food, groceries and supplies
Turn left (west) onto Evan Hewes Hwy and go ~2 miles.

Turn right onto Huff Rd and go north ~6.3 miles

Watch for this sign, it's just before your next turn

Turn left onto Wheeler Rd and drive ~4.2 miles to the turn off to our camp

Wheeler Road is paved for first 2 miles

There are plastic mile markers every .5 miles on both sides the road. Look for the first one shortly after the end of the paved road (~2.5 miles).

Drive until you get to MM 4.0, the turnoff is ~110 yards ahead on the left.

Within 200 feet you'll see signs on both sides of the road

Within the next 150 ft you need to turn left onto an "established" dirt trail
the turnoff point really is within 0.2 miles (~110 yards) past mile marker 4.0
STOP if you don't see the trail, it may be less obvious some years but it is there!

Drive ~0.6 miles until you approach the brush line.

At the brush line, veer right following existing tire tracks for another .4 miles.
Our preferred site is within 1500 feet and you should be able to see us.
Campsite GPS Coordinates: 32.891246, -115.793173
